

# Acknowledgments

We gratefully acknowledge the contributions of many individuals and institutions that made this research possible.

## Funding

This work was supported by [grant numbers and funding agencies to be specified].

## Computing Resources

Computational resources were provided by [institution/facility name], enabling the large-scale experiments reported in Section ??.

## Collaborations

We thank our collaborators for valuable discussions and feedback throughout the development of this work:

- ▶ Prof. [Name], [Institution] - for insights into the theoretical framework
- ▶ Dr. [Name], [Institution] - for providing benchmark datasets
- ▶ [Research Group], [Institution] - for computational infrastructure support
