## 1 Acknowledgments

We gratefully acknowledge the contributions of many individuals and institutions that made this research possible.

### 1.1 Funding

This work was supported by [grant numbers and funding agencies to be specified].

### 1.2 Computing Resources

Computational resources were provided by [institution/facility name], enabling the large-scale experiments reported in Section ??.

### 1.3 Collaborations

We thank our collaborators for valuable discussions and feedback throughout the development of this work:

- Prof. [Name], [Institution] - for insights into the theoretical framework
- Dr. [Name], [Institution] - for providing benchmark datasets
- [Research Group], [Institution] - for computational infrastructure support

### 1.4 Data and Software

This research builds upon open-source software tools and publicly available datasets. We acknowledge:

- Python scientific computing stack (NumPy, SciPy, Matplotlib)
- LaTeX and Pandoc for document preparation
- Public datasets used in our evaluation

## 1.5 Feedback and Review

We are grateful to the anonymous reviewers whose constructive feedback significantly improved this manuscript.

## 1.6 Institutional Support

This research was conducted with the support of [Institution Name], providing research facilities and academic resources essential to this work.
