Acknowledgments

We gratefully acknowledge the contributions of many individuals and institutions that made this research possible.

Funding

Computing Resources

Computational resources were provided by [institution/facility name], enabling the large-scale experiments reported in Section **??**.

Collaborations

We thank our collaborators for valuable discussions and feedback throughout the development of this work:

- Prof. [Name], [Institution] - for insights into the theoretical framework
- Dr. [Name], [Institution] - for providing benchmark datasets
- [Research Group], [Institution] - for computational infrastructure support

Data and Software

This research builds upon open-source software tools and publicly available datasets. We acknowledge:

- Python scientific computing stack (NumPy, SciPy, Matplotlib)
- LaTeX and Pandoc for document preparation
- Public datasets used in our evaluation

Feedback and Review

We are grateful to the anonymous reviewers whose constructive feedback significantly improved this manuscript.

Institutional Support

This research was conducted with the support of [Institution Name], providing research facilities and academic resources essential to this work.

All errors and omissions remain the sole responsibility of the authors.
